# VT-168 / VT-168SE Vital White RTV

## RTV Gasket Maker

Vital White RTV is an original gasket maker formulated for heavy duty applications. It forms reliable "formed-in-place" gaskets that resist cracking, shrinking and migration caused by thermal cycling. Ideal to replace almost any cut gasket and can be used to coat pre-cut gaskets to increase reliability. It is permanently flexible and stable at temperature of between -80 °F to 600 °F (-62 °C to 315 °C) intermittent. It is also highly resistant to automotive fluids.

### Applications:

Gasketing of machinery casing like compressors, pumps & gear box. Sealing of flange pipe joints, access door etc.

Available colour: White
