

Formulated For The Professionals

# VT-920 / VT-921 / VT-922 V-Tack

## Reusable Putty Sealant

V-Tack is an ever-tacky, reusable putty sealant that provides a safe and clean alternative to pins and tapes for various uses at home, school or office. V-tack can be completely removed without damaging painted surfaces. By folding and kneading the used adhesive putty, V-Tack becomes sticky again and ready for reuse.

### Applications:

V-Tack is ideal on non-porous surfaces such as vinyl coated wallpapers, painted surfaces, glass, metal etc. It is also suitable for installation of household decorative materials such as poster, wall decorations, modelling etc.

Available colour: White

Item Code	Content	Inner Carton Quantity	Carton Quantity
