

Formulated For The Professionals

VT-180 Vital Gum

Exhaust Cement

Vital Gum is a thick, non-slumping paste type repair material. It cures by evaporation of water and further cures with heat. It will expand and set when heated, ensuring a perfect seal against all noxious fumes. It is also useful for kiln repairs and any industrial applications where a seal is required to withstand intense heat up to 300°C.

Applications:

Specially formulated for the assembly of all joint of exhaust system, including Mufflers, Tailpipes, Catalytic Converters etc.

Available colour: Dark grey

Item Code	Content	Inner Box	Carton Quantity
VT-132	150 g Tube	12	144 / Carton

Features

- For all exhaust system
- Fast and easy assembly
- Heat and shock resistance
