

Formulated For The Professionals

VT-184 Fan Clutch Oil

Silicone Oil Lubricant

Fan clutch oil is a high viscous silicone oil with its characteristics of clear color, odorless, non-toxic and non-irritating. It has excellent heat and cold resistance (-50 °C to 200 °C). It also offer good dielectric properties and good electrical insulating performance. In addition, it has strong shear capacity and good light-admitting quality, low surface tension, good water moisturize, low volatile characteristics. Silicone oil have variety of application functions, as well as for a wide range of products and different type of industries.

Applications:

- **Automotive Industry:** Used in motor, fan clutch, shock absorber because of it high temperature resistant and waterproof. It also used for transformer, capacitor oil, can make the transformer smaller, increase the capability.
- **Car Spare parts:** buffer damper car fan, etc. Using this product for liquid spring, small volume, light weight, can bear strong impaction in a wide range of temperature, perfect shock resistance.
- **Electronic Appliance:** Used as lubrication of rubber, plastic, machinery, bearings and gears etc.

Available colour: Colourless

Item Code	Content	Inner Box	Carton Quantity
VT-184	18ml Tube	50	1000 / Carton

Features

- High Viscosity
- Non-toxic and Non-corrosive
- Low Surface Tension
- Good Heat and Cold Resistance

AUTOMOTIVE TRANSFORMER / ALTERNATOR

CAR SPARE PARTS

ELECTRICAL APPLIANCES
