

VITAL TECHNICAL SDN. BHD.

Technical Data Sheet

VT-560
No 1 Valve Grinding Paste

Issuance date: 28/09/10

Revision date: 12/03/2026

Revision No.: 26-01

VT-560 No 1 Valve Grinding Paste

Appearance

Grey gel-like paste

Odour

None

PACKAGING

42.5g (1.5oz) tube carded
(144 packs/carton)

SHELF LIFE

24 months

STORAGE

Store in a dry and cool place with temperature around 30 °C

DESCRIPTION

No. 1 Valve Grinding Paste is a fine grade paste used for the finishing work in the grinding application. It is specially formulated for valve grinding and seating applications in automotive, marine and industrial applications. It can be used for Hand or Machine Grinding.

TECHNICAL DATA

Chemical Type : Silicone Carbide
Specific gravity : 1.35

APPLICATION

It is effective in removing burrs, surface defects, corrosions, gums and carbon deposits. It is also being used for lapping and grinding of chromium.

FEATURES

1. Water mixable
2. For hand or machine grinding
3. Effective in removing surface defects and carbon deposits

APPLICATION DIRECTION

1. Apply a liberal coating of paste to the valve surface.
2. Grind in usual manner.
3. Clean valve and seat with a damp cloth. Then wipe thoroughly with another dry cloth.
4. Mix with few drops of water for an easy to use paste

CAUTION

Keep out of reach of children. Safety data sheet available on request. For further health and safety information, consult the latest safety data sheet.
