FLASHING

VT-422 UltraBand

Butyl Flashing Tape

VT-422 Ultraband is a Butyl self-adhesive waterproof sealing tape that grips on tight and bonds instantly. It's a premium quality waterproofing material that can be applied on most surfaces, providing strong adhesive force, no shrinkage, excellent UV resistance and water resistance.

With its easy-to-apply feature, VT-422 UltraBand is one of the best choices for construction and industrial applications as well as household repair.

Applications: Roof: roof water resistance, repair roof leaking, over joints and cracks in roof cladding.

Interior: water tank, doors, walls, bathroom, swimming pool, ventilation pipe, PVC pipe.

Exterior: apply over joints and cracks on cement sheeting, masonry ties, around water pipes, gutters, down pipes and more.

Car industry: repair for leaking on the roof and car body.

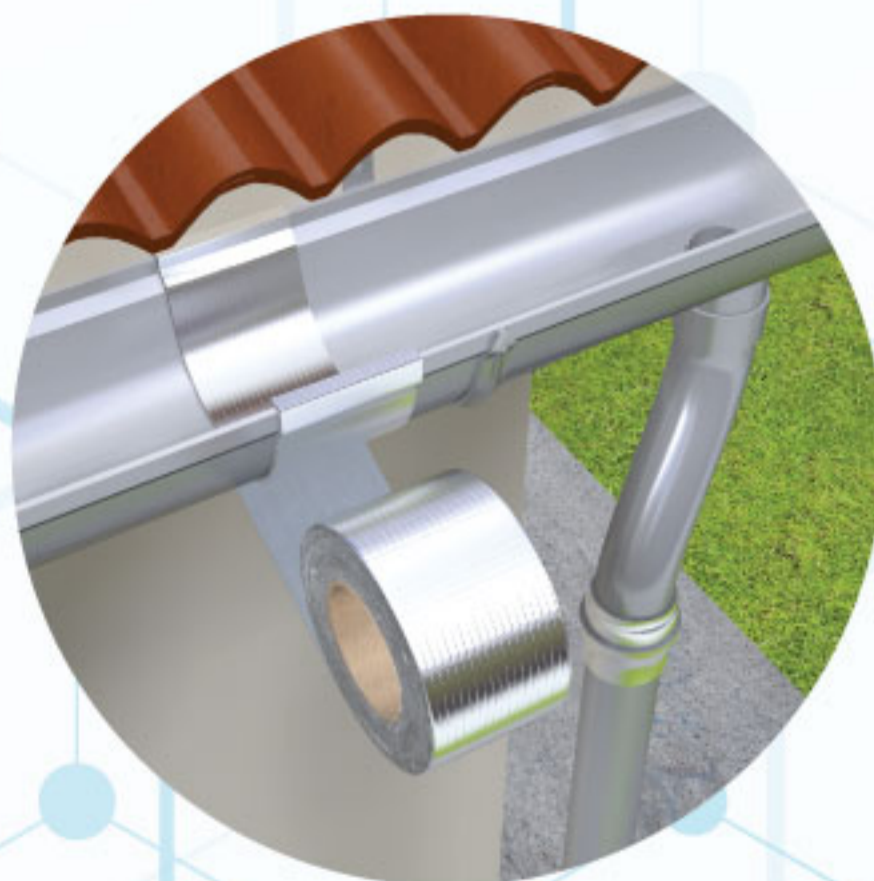

Available colour: Grey Tape
