

Formulated For The Professionals  
Adhesives & Sealants

# VT-655 Auto Glass Sealant

## Odourless Polyurethane Sealant

Auto Glass Sealant is a one-component, moisture cure, high modulus polyurethane sealant formulated for windscreen bonding applications. This odourless formula eliminates unpleasant smell associated with common auto glass sealant. It features superior bonding strength, fast drive-away time, and good sag resistance, suitable for direct glazing applications in both the OEM and repair markets.

### Applications:

Specially formulated for automotive windscreen bonding applications. Besides, its high green strengths also makes it suitable for glass bonding applications in train- and coach building applications.

Available colour: Black

Item Code	Content	Carton Quantity
VT-655	310 ml Cartridge	20 / Carton
VT-655S	600 ml Sausages	20 / Carton

### Features

- Superior adhesion
- Odourless
- Fast curing
- Good green strength
