

Formulated For The Professionals

VT-2730 Roofing Tape

Butyl Tape

VT-2730 Roofing Tape is a double-sided butyl adhesive tape that has high cohesive and adhesive strengths. It contains anti-oxidants, fungicides and anti-bacterial agents and available in several sizes.

Applications:

It is used on built-up roof to seal end laps and the side laps of the top (weather) sheet. Other applications are sealing the underneath of the solar panels during installation, around rooflights, gutters and flashings. It is suitable for both clay and concrete tiles as well as metal roofing installation onto concrete, metal or wooden structures. The tape can also be used on glass, polycarbonate, uPVC, epoxy coated surfaces and fibre cement boards.

Available color: Grey
