Revision No.: 24-01

VT-311 Pipe Cleaner

PHYSICAL STATE

Liquid

ODOUR

Characteristic, non-residual

COLOUR

Clear (VT-311)
Red (VT-311R)

PACKAGING

125 mL/ can
250 mL/ can
500 ml/ can
1 L/ tin
4 L/ tin

SHELF LIFE

12 months

STORAGE

Highly flammable, keep away from heat source or naked flames. Store in dry and cool place, below 30 °C.

APPLICATION TEMPERATURE

-10 °C – 40 °C

SERVICE TEMPERATURE

-10 °C – 60 °C

DESCRIPTION

VT-311 Pipe Cleaner is specially formulated for the cleaning of plastic pipes and fitting in preparation for the assembly. It may be used for PVC, ABS, cPVC pipes. It is suitable for pipes of all classes and schedules.

TECHNICAL DATA

Specific gravity : 0.80

FEATURES

- Cleaner for PVC, ABS and cPVC pipes
- Ideal for pipes of all classes and schedules

APPLICATION

The Pipe Cleaner will help to expedite the penetration and softening the pipes and fitting surfaces to prepare for assembly. When used with appropriate solvent cement, it will make a well-fused and consistently strong joint. Besides cleaning the plastic pipes, the Pipe Cleaner can be used to restore brushes and to clean tools soiled with residues of solvent cement. The used Pipe Cleaner must not be used again for the cleaning of pipes and fitting. The Pipe Cleaner should not be used to dilute the solvent cement.

APPLICATION DIRECTION

1. Clean the surfaces thoroughly using Pipe Cleaner. Use fast dry crepe paper or toilet tissue to soak the Cleaner. Always use fresh and clean paper. Alternatively, use the double applicator or a brush.
2. Wipe off the product with a rag or a paper towel. If the PVC still looks dirty, repeat the process.
3. Follow up with appropriate solvent cement.

CAUTION

Highly flammable liquid and vapour. Causes serious eye irritation. May cause drowsiness or dizziness. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Use only outdoors or in a well-ventilated area. Wear eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. Store in a well-ventilated place. Keep cool. Store locked up. Keep out of reach of children. Safety data sheet available on request. For further health and safety information, consult the latest safety data sheet.
