VT-410 VitalCoat

Acrylic Elastomeric Coating

VitalCoat design to provide excellent film build and maximum flexibility and protection when applied to architectural finishes. It features a versatile function due to the 100% acrylic latex composition which is extremely durable, fungus and algae resistance, UV degradation resistance, high elongation and high volume solids and low shrinkage.

Applications:

Well suited for repair and prolong various roof life whereas the crack and water seepage is predominant. It protect water leaking by bridges and seals the hairline cracks of roof, concrete, brick, screeds, wood, metal, composite fiberboard, foam board and other substrates, but not subject to heavy foot traffic like decks, alcoves, ponds and tanks.

Applicable Test / Standard:

1. Low VOC - USEPA Method 24 under SCAQMD rule 1168

Available colours: White, Grey, Green and Red
(Special colors upon request)

Item Code	Content	Carton Quantity
VT-4101K	1.0kg Pail	12 / Carton
VT-4105K	5.0kg Pail	4 / Carton
VT-41020K	20.0kg Pail	-

Features

- Water-based
- Durable
- High elongation & low shrinkage
- Fungus, algae and UV resistant
