

Formulated For The Professionals

VT-632 Artificial Grass Adhesive

Advanced MS Polymer

A one-component, MS Polymer adhesive for bonding artificial grass/synthetic turf on various subfloor substrates or joint strips. After troweled, ensure maximum transfer of adhesive to the back of floor coverings is established. It is a green product, meeting SCAQMD VOC limit and is recommended for green buildings. It does not contain any solvents (will not damage bonded substrates), water (no glueline shrinkage), or isocyanates (non-hazardous). It is specially formulated to have good UV resistance and water-resistant bonding for outdoor application.

Applications:

Various types of artificial grass, synthetic turf, or carpet (polypropylene, rubber, polyurethane; tufted or woven), as well as various types of subfloor substrates.

Applicable Test / Standard:

1. Low VOC - USEPA Method 24 under SCAQMD Rule 1168

Available color: Green

Item Code	Content	Carton Quantity
VT-632	24 kg Pail (3 x 8 kg packs)	-
VT-632S	600 ml Sausage	20 / Carton

Features

- Single-component
- Permanently elastic
- Indoor and outdoor applications
- Green in color
- Low odor and low VOC
- No isocyanate
- Notched trowel ridges hold firm
- Good workability
- Fast initial grab and curing time
- Non-flammable, non-hazardous
- Pail - 3 Packs Per Pail
