

Formulated For The Professionals

VT-136 Fabric Glue

Water-Based Adhesive

VT-136 is a water-based adhesive specially formulated for various fabric bonding applications. It cures clear and offers superior bonding on various types of fabric. It has good resistance against washing and cleaning products, able to withstand washing up to 90 °C.

Applications:

Ideal for bonding fabric decorations, mending hems and upholstering materials. It is suitable for gluing cotton, jeans, linen, felt, coconut fiber, as well as cotton blends with wood and leather. It is also used to repair deck chairs, tents, beach chairs etc.

Available colour: White
